Office of Legislative Counsel

Tuesday - 23 December 1958

1. Talked with Mr. Lyerly about the State Department legislation. After discussing some of the points, the matter was further discussed with William Woodyard who indicated that the Bureau of the Budget has just about cleared it except for one minor aspect. Therefore, in a few days reproduced copies of the legislation including the explanation and justifications would be available and a copy would be furnished to us. The bill contains the same provisions on reappointing Foreign Service Reserve officers for a further period of five years.

25X1 2. In connection with [] I talked to Miss Collier of the Senate Disarmament Subcommittee staff by telephone indicating the problem on this case and that our preference was that the individual not be called by the Subcommittee. Miss Collier seemed to appreciate our problem but stated she would have to take it up with the Staff Director, Miss Goetz. Fortunately Miss Collier was able to indicate that the list of witnesses has not yet been published.

3. Talked with Marcus Rowden and Paul Gaughran, AEC, about the proposed AEC legislation to gain assurance that a clearance of Agency people under the new law would be a full "Q" clearance. Also raised with them whether or not the ¹⁹⁵⁶ 96th amendment to section 143 should not include subsection c as well as subsection 145 b.

4. Miss Gladney in Mr. Cannon's office telephoned to say that Mr. Cannon would be delighted to see Mr. Dulles and at Mr. Dulles' convenience. I explained that I had not seen the Director's calendar this morning but could we suggest two times - one of 4:30 today and the other at 2:00 p.m. on the 24th and confirm this with Mr. Cannon's office. This was agreeable.

The time of 4:30 today was later confirmed with Miss Gladney and the Director went over at that time to see Mr. Cannon. (See DCI memo)

5. Due to the busy schedule of the Director on the morning of 24 December, the appointment scheduled for 9:30 with Senator Hayden was cancelled by Mr. Houston. Mr. Roy Elson in the Senator's office said this was perfectly all right.
